The Govt are of opinion that alienations of this kind should not be sanctioned without some explanation of the necessity. The Board of Rev. is accordingly requested to state why any land should be given for this purpose, and if a grant of land be necessary, whether it should be in the form of alienation and not by outright assignment. 2/ The Board of Rev. is requested to state the caste of the people that will worship in the proposed temple and Consider

The Board invites the attention of Government to G.O.No. 3223, dated 12th October 1917 wherein it is laid down that applications for a place of public worships or a school should be dealt with under B.S.O.No.24. Similar grants have been sanctioned by Government under B.S.O.No. 24. - vide G.O. 824 Mis., Revenue, dated 25th May 1923.

2. The people who will worship in the temple are by caste "Holeyas". They are a depressed class said

to resemble "panchamas" and there is as much reason to consider them "original dravidians" as there is in the case of anyone. The Board agrees that the exact application of the term adi-dravidas will remain doubtful till that recently invent euphemism passes into popular use.

I did not know that there were any people in S. Kanara who called themselves Udi Dravens. The use of the term may lead to complications.

Apart from this I should have thought that alienations of the kind should not be sanctioned without some explanation of the necessity, even if there are precedents for such alienations. Surely they are of very recent origin.

Add Bd to explain matter.
